Fall is in the air as the football season is in full swing, leaves are turning multi-colored, crops are being harvested and soon there will be frost on the pumpkin. Hmmm, pumpkin pie, oh, how that sounds sooooo good. Unfortunately, as you are enjoying your pumpkin pie with whipped cream or ice cream many others may be without: due to financial problems, layoffs, job loss or even health problems. The WELS Apple Valley Food Pantry has served hundreds of families over the years in making sure these people don't go hungry. However, without your donations we cannot help these people. Don't be like the frost on a pumpkin - cold, but consider donating to the food pantry on a monthly basis. The Lord has blessed many of us in numerous ways - may we show our thankfulness to the Lord by helping with a financial donation or with food. Collections are taken to the Pantry on the third Sunday of the month. Please check your newsletters or bulletins for the items they need for each month. Thanks for your support.
